

ACADEMIC DETAILS			
B.Tech, Computer Science	ABES Engineering College, Ghaziabad	73.15 %	2022
CBSE (CLASS XII)	R.R.K senior secondary school	82.2 %	2017
CBSE (CLASS X)	R.R.K senior secondary school	9.4 CGPA	2015
SUBJECTS			
Technical Proficiency	C++ Language, Spring, Solidity (Ethereum), HTML + CSS, Java, React.js, Blockchain Development, Spring Boot, Hibernate, MySQL		
WORK EXPERIENCE			
PROJECTS			
Version Drive	version drive is similar to google drive as every user get some space to store his/her files , you can share them with others and apply access restriction like viewer can only see the file , or delete or update the file. Each file has its own version that mean if you update your file add add it , it will become next version of previous file so if you want to go back at previous version and make change then it is also possible you can delete them if you want.		Jun 2021 - Present
BADGE VERIFICATION USING BLOCKCHAIN	The main work to do is to make verification process secure and safe so that why blockchain comes in play as the data that stored on Blochchain doesn,t change. So we use blockchain to store badge data and get data when needed using transaction hash.		Jul 2020 - Sep 2020
POSITIONS OF RESPONSIBILITY			
EXTRA-CURRICULAR ACTIVITIES			
AWARDS AND RECOGNITIONS			
CERTIFICATIONS			
Smart Contract, coursera			
Coursera certification on Blockchain Basics, coursera			
Java Programming, great learning			
COMPETITIONS			
hackerEarth june circuit 2021			
TCS codevita season 9 round 2			
Codechef cookoff 2020 div 2			
TCS codevita season 9 round 1			
CONFERENCES AND WORKSHOPS			
TEST SCORES
